

Library of Congress Webquest

Grand Valley State University
Susan Laninga
Summer 2012

As a result of participating in this Web quest, pre-service teachers/college students will have a working knowledge of the Library Of Congress web site. They will be able to navigate the site and access the materials and resources that will support teaching of the Michigan Grade Level Content Standards for Social Studies and the Common Core State Standards for English Language Arts. The intent is that students will use these primary sources to create engaging and content-rich lessons and units for their future students.

| | <p>Preparation activity: everyone will do this one. Go to http://educationextras.com/ On the right side of this site is a link to many Library of Congress lesson plans created by teachers, and using the primary sources available at LOC. Click on that link and explore the lesson plans you find there. Tell a title of one that looks interesting from each: Early Elementary, Michigan, 5th grade, and from the Intermediate tab (4 titles). You may include one of these lessons as a part of your unit <i>if it fits your expectations</i>.</p> |
| | <p>Go to www.loc.gov. This is the home page for the Library of Congress. This web quest will take you on a journey through the site and you will investigate many primary resources that you can use to make your lessons</p> |

more interesting and engaging for your future students!
You will come back to this page to begin each Activity described below.

(Activities one and two are related to: GLCE 5- U3.2.2 Describe the importance of Valley Forge, Battle of Saratoga and Battle of Yorktown in the American Revolution.)

Historical Background

[Back to Navigation Bar](#)

Michigan's K – 8 Grade Level Content Expectations have been developed using an expanding environments model, meaning that in Kindergarten the content is more ego-centric and each succeeding year the focus moves outward to include others, the community, the wider metropolitan areas, the state, country, and the world:

K – Living and Working Together

1 - Living and Working Together in Families and Schools

2 - Living and Working Together in Communities

3 – History of Michigan (through statehood)

4 – History of Michigan (Beyond statehood)

5 – U.S. History Pre-Columbian through development of the Bill of Rights

6 – Western Hemisphere and World History through Era 4

7 – Eastern Hemisphere and World History through Era 4

8 – U.S. History Ideological roots of the Constitution through the Rise of Industry

Within each grade the expectation is that students will use primary sources. This enables them to make inquiries and experience history as historians.

Specific collections and locations of the LOC included in this study are:

Rubrics

Each Activity in this web quest is accomplished as the student moves through it. At the end, there will be a written reflection on what the students have learned about the Library of Congress, the value of using primary sources to teach history, and one Activity they create to support one of the GLCEs.

Instructions: Students in SST309 will create an Activity similar to the ones in the Webquest that will help others investigate other parts of the LOC web site or other resources or content not investigated already. They will align the Activity to one or more Grade Level Content Expectations.

| Elements | Proficient (4 points) | Adequate (2 points) | Unsatisfactory (0 points) |
|---|---|--|--|
| Activity navigability | Activity easily takes the participant to a resource in the Library of Congress site. | N/A | Activity does not lead participant to a LOC resource. |
| Novelty of LOC location, grade level content area, or resource type | Activity uses a LOC location, grade level content area, and resource type not used in the original 10 activities. | Activity uses a LOC location, grade level content area, or resource type not used in the original 10 activities. | LOC location, grade level content area, or resource type not used in the original 10 activities. |
| GLCE alignment | Activity is directly aligned to a Grade Level Content Expectation (although it may not support the whole GLCE) | Activity is related to a Grade Level Content Expectation | Activity is not aligned to a Grade Level Content Expectation |
| Citation | Location of LOC resource is correctly cited | N/A | Location of LOC resource is incorrectly cited |

OR

Students in SST309 will go to the National Archives link:

<http://www.archives.gov/education/lessons/worksheets/>

and, using one of the analysis sheets, discover and analyze a resource from the Library of Congress. They will have to show which Social Studies Grade Level Content Expectations that resource would support.

| Elements | Proficient (4 points) | Adequate (2 points) | Unsatisfactory (0 points) |
|----------------|--|--|--|
| Analysis sheet | Analysis sheet is correctly completed, using a resource from the LOC | N/A | Analysis sheet is incorrectly completed, using a resource from the LOC |

| GLCE alignment | Activity is directly aligned to a Grade Level Content Expectation (although it may not support the whole GLCE) | Activity is related to a Grade Level Content Expectation | Activity is not aligned to a Grade Level Content Expectation |

The following section of the Unit plan Rubric for the course as a whole (GVSU- SST309) will evaluate the LOC portion of the final Unit Plan project (if the student chooses to include it and it fits the unit they are producing).

| Elements (100 points total possible for Unit plan) | Distinguished (12 – 13 points) | Proficient (10 – 11 points) | Progressing (8 – 9 points) | Unsatisfactory (0 – 7 points) |
|--|--|--|--|--|
| (#5) – Materials and resources 13 points possible | Materials and resources, including a variety of print and electronic technology and integrated literacy components, trade books, web sites, realia, simulations, and any worksheets needed to teach <i>each lesson</i> in the unit are fully developed and represented in the final project. | Materials and resources, including a variety of print and electronic technology and integrated literacy components, trade books, web sites, realia, simulations, and any worksheets needed to teach <i>each lesson</i> in the unit are represented in the final project. | Materials and resources, including print and electronic technology and integrated literacy components, trade books, web sites, realia, simulations, and any worksheets needed to teach <i>each lesson</i> in the unit are lacking variety in their depth and number. | Materials and resources, including print and electronic technology and integrated literacy components, trade books, web sites, realia, simulations, and any worksheets needed to teach <i>each lesson</i> in the unit are missing or not supportive of the unit content. |
